Business Is Better

Last fall and this spring our bulb sales have run much better than during the same period a year ago. Apparently the worst of the general business depression is over. Our increased sales may also be due in part to our

High Quality Bulbs

We grow the best varieties and use new soil each year. Our equipment is excellent for the handling of bulbs and we have just completed a large new addition to our already commodious bulb house. We have many fine new originations of our own which have also contributed largely to our success in winning the Grand Sweepstakes Gold Cup of the N. W. Regional Gladiolus Show for most points, the Sweepstakes Silver Cup for best spike, first for best general exhibit and first for best new seedling, all for three years straight.
